Public Meeting

about

The Peloton Planning Inquiry
Saturday 25th October at 12 noon
The 'Woodies' Club (off Window Lane)

Peloton have appealed to the Secretary of State to overrule the democratic decision of Liverpool City Council to block the development of a massive new open storage depot. This appeal will be heard at a Public Inquiry in November (see over).

At the 'Woodies' we will discuss:

- **What this Public Inquiry will cover**
- **Who can speak**
- **How we can prepare for this Inquiry**

The **L19 Action Group** along with **Garston Community United** are campaigning to protect the health of our families, friends, neighbours and the community of Garston.

'Stop Peloton' campaigners ouside the Town Hall in May

The Public Inquiry

Peloton's planning appeal starts on Monday, 10th November.

It will run for five days.

It will be held at the Cunard Building.

Residents will be able to voice their concerns.

NOTE THIS DATE NOTE THIS DATE NOTE THIS DATE

On Monday, **10th November at 9am**, we will gather at the Cunard Building. (The public entrance is on Brunswick St.)
This early meet-up is important.
The Inquiry starts at 10am, but people have to be signed in.
Members of the public will only be able to voice their concerns on this first day.
The rest of the week the Inquiry will start at 9.30am.

It was the hard work and solidarity of local people that forced Liverpool City Councillors to vote against this plan. Please raise your voice again. We need as many people as possible to come along.
(See over for details of our local community meeting.)
